**POLISHING  
PROGRAMME**

PERFECTION IN POLISHING

**MENZERNA:  
ECONOMICALLY.  
RELIABLY.  
BRILLIANT.**

Menzerna preserves value, cares and protects:  
economical and reliable.

Developed precisely according to the requirements  
of industry and trades.

Systematically.

The perfect solution for every coating.

Menzerna enables quick premium results:

For a lasting gloss.

**Menzerna - Perfection in polishing.**

*The car is the object of desire.*

*It stimulates the senses.*

*Speeds up your pulse.*

*A flawless coating. The ultimate high gloss  
your heart pounds.*

# **MENZERNA: Working economi- cally with syste- matic polishing processes**

## **MENZERNA OFFERS:**

- Process orientation according to industrial standards
- Powerful, variable and reliable polishing system with state-of-the-art technology
- One-step products for economical processes
- Guides the user through the polishing process
- Economical use of materials
- Long-lasting protection against environmental influences
- Surface quality according to the defined objective
- Preserves the value of the automotive clear coat
- Genuine polishing results without silicones and fillers

# **MENZERNA: Protection and lasting value with the latest polishing technologies.**

## **MENZERNA SUPPORTS:**

- Removing scratches, runs, overspray, streaks, clouding and holograms
- Adaption of blending
- Production of various gloss levels up to a show car finish
- Refreshing surfaces

## **MENZERNA INSPIRES:**

- Vehicle detailers
- Body and Paint shops
- Motor vehicle workshops
- Automobile manufacturers
- Car lovers and oldtimer fanciers

# SUPER HEAVY CUT COMPOUND 300

High Performance Compound

## For maximum abrasion.

This high-performance compound leads the field in the removal of sanding marks by lengths. Ideal for professional vehicle detailing and coating. Removes 1200 grit sanding marks and signs of use in the shortest time without damaging the surface or getting adjacent areas dirty. High performance finish thanks to the latest polishing technologies with divisible polishing grit.

**Category:** Special

**Cut/Gloss:**

10 / 6

+

**Heavy Cut    Medium Cut**

## Advantages:

- Extremely high abrasion
- Extremely fast removal of sanding marks
- High yield
- Premium polishing compounds
- No dust formation
- Easy to handle

**Polishing tool:** **HEAVY CUT FOAM PAD,**  
Lambs wool

**Verarbeitung:** rotary

# HEAVY CUT COMPOUND 400

Performance Compound

## Polishes to gloss in just one process step.

The innovative cut compound for automotive clear coats leaves a dazzling impression everywhere. Gets sanding marks out of the way in record time. Works into the finish range thanks to the latest polishing technology with dividing polishing grit.

**Category:** Special

**Cut/Gloss:** 8 / 8

- Advantages:**
- Polishes and produces gloss in one step
  - Saves time thanks to one-step polishing process
  - High efficiency
  - High gloss level

**Polishing tool:** **HEAVY CUT FOAM PAD,**  
Lambs wool

**Verarbeitung:** rotary, orbital

## 3 IN 1

One-step Polish: Cut, Gloss & Wax

### Medium cut polish, high-gloss finish and sealant in one.

The all-rounder in top form. Polishes out 3000 grit sanding marks, reliably removes streaks, swirls and clouding, and provides lasting protection for the high-gloss surface. Shines with ease and speed, making it ideal for the polishing beginner and for the detailing of employee cars and used vehicles.

**Category:** Special

**Cut/Gloss:** 5 / 9 

- Advantages:**
- One-step polishing process: Polish, finish, sealant
  - Grit 3000 abrasion
  - Fast deep gloss finish
  - Tangibly smoother surface
  - Silicone-free
  - Overpaintable

**Polishing tool:** MEDIUM CUT FOAM PAD, SOFT CUT FOAM PAD, WAX FOAM PAD, Microfiber cloth

**Processing:**  
Step 1: rotary  
Step 2: rotary/orbital  
Step 3: orbital

**Volumes:** 250 ml 22748.281.001  
1 l 22748.261.001

Process Example:

SUPER COMPOUND 300 >> ONE-STEP POLISH 3 IN 1 >> ENDLESS SHINE

**menzerna**  
PERFECTION IN POLISHING

## HEAVY CUT COMPOUND 1000

### Pad polish for the fast removal of sanding marks

This powerhouse eliminates scratches, overspray and pronounced signs of use quickly and thoroughly. Best priceperformance ratio.

**Category:** Standard

**Cut/Gloss:** 9 / 3 

- Advantages:**
- Fast removal of sanding marks
  - Even sanding pattern
  - High productivity
  - No dust formation

**Polishing tool:** HEAVY CUT FOAM PAD

**Processing:** rotary

**Volumes:**  
250 ml 22984.281.001  
1 l 22984.261.001  
1 kg 22984.260.001

Process example:

HEAVY CUT COMPOUND **1000** >> MEDIUM CUT POLISH **2500** >> FINAL FINISH **3000** >> POWER LOCK ULTIMATE PROTECTION

## HEAVY CUT COMPOUND 1100

### Lambswool polish for the removal of sanding marks

The gentle yet highly effective secret weapon against scratches and severe signs of use. Optimised for use with lambswool.

**Category:** Alternative

**Cut/Gloss:** 8 / 5 

- Advantages:**
- Fast removal of sanding marks
  - Optimised formulation for use on Lambswool
  - Even sanding pattern
  - High productivity
  - No dust formation

**Polishing tool:** Lambs wool

**Processing:** rotary

**Volumes:**  
250 ml 22930.281.001  
1 l 22930.261.001  
1 kg 22930.260.001

Process example:

HEAVY CUT COMPOUND **1100** >> MEDIUM CUT POLISH **2200** >> FINAL FINISH **3000** >> POWER LOCK ULTIMATE PROTECTION

## MEDIUM CUT POLISH 2500

**The classic for the fast removal of sanding marks**

A solid basis for a fast victory. Offers an optimum combination with the removal of sanding marks and gloss production on automotive clear coats.

**Category:** Standard

**Cut/Gloss:** 5 / 7 

**Advantages:** - Even polishing pattern  
- Extraordinary gloss

**Polishing tool:** MEDIUM CUT FOAM PAD

**Processing:** rotary, orbital

**Volumes:**  
250 ml 22828.281.001  
1 l 22828.261.001

Process example:

HEAVY CUT COMPOUND 1000 >> MEDIUM CUT POLISH 2500 >> FINAL FINISH 3000 >> POWER LOCK ULTIMATE PROTECTION

## MEDIUM CUT STANDARD POLISH

MENZERNA OPTIONS:

FOR MORE CUT

FOR IMPROVED AGILITY

## MEDIUM CUT POLISH 2200

### The dazzling alternative with more cutting

A bit more power in the medium polishing process with an even better cut than the standard polish.

**Category:** Alternative

**Cut/Gloss:** 6 / 7

**Advantages:** - Works faster in the medium polish segment thanks to higher abrasiveness

**Polishing tool:** MEDIUM CUT FOAM PAD

**Processing:** rotary, orbital, by hand

**Volumes:**

250 ml 22771.281.001  
1 l 22771.261.001

Process example:

HEAVY CUT COMPOUND 1100 >> MEDIUM CUT POLISH 2200 >> FINAL FINISH 3000 >> POWER LOCK ULTIMATE PROTECTION

## MEDIUM CUT POLISH 2400

### The liquid alternative for easy handling

The best solution for liquid application to older and dry coating systems. Improved agility ensures easy handling and brilliant results.

**Category:** Alternative

**Cut/Gloss:** 5 / 8

**Advantages:** - Liquid formulation is ideal for working on older and dry surfaces

**Polishing tool:** MEDIUM CUT FOAM PAD

**Processing:** rotary, orbital, by hand

**Volumes:**

250 ml 22923.281.001  
1 l 22923.261.001

Process example:

HEAVY CUT COMPOUND 1100 >> MEDIUM CUT POLISH 2400 >> FINAL FINISH 3000 >> POWER LOCK ULTIMATE PROTECTION

## FINAL FINISH 3000

### Classic swirl remover for a perfect gloss

The standard high-gloss polish is absolutely reliable in the removal of polishing marks, clearing the way for a brilliant gloss.

**Category:** Standard

**Cut/Gloss:** 3 / 9 

**Advantages:**

- Fine abrasives for removing fogging and holograms
- Brilliant gloss

**Polishing tool:** **SOFT CUT FOAM PAD,**  
Microfiber cloth

**Processing:** rotary, orbital, by hand

**Volumes:**  
250 ml 22029.281.001  
1 l 22029.261.001

Process example:

**MEDIUM CUT POLISH 2500** >> **FINAL FINISH 3000** >> **POWER LOCK ULTIMATE PROTECTION**

## STANDARD FINISH

MENZERNA OPTIONS:

**FOR A PERFECT MIRROR FINISH**

**FOR AN ULTIMATE HIGH DEFINITION GLOSS**

**menzerna**  
PERFECTION IN POLISHING

## SUPER FINISH 3500

### Swirl remover for a perfect mirror finish

The master of all classes removes polishing marks, micro-scratches and holograms, guaranteeing a brilliant deep gloss.

**Category:** Alternative

**Cut/Gloss:** 3 / 10 

**Advantages:** - Finest abrasives for removing fogging and holograms  
- Brilliant deep gloss

**Polishing tool:** **SOFT CUT FOAM PAD,**  
Microfiber cloth

**Processing:** rotary, orbital, by hand

**Volumes:**  
250 ml 22911.281.001  
1 l 22911.261.001

## SUPER FINISH PLUS 3800

### Show car finish for the ultimate deep gloss

Removes polishing marks, micro-scratches and holograms in a brilliant performance with genuine star qualities.

**Category:** Alternative

**Cut/Gloss:** 2 / 10 

**Advantages:** - Finest abrasives for removing fogging and holograms  
- Show car finish

**Polishing tool:** **SOFT CUT FOAM PAD,**  
Microfiber cloth

**Processing:** rotary, orbital, by hand

1 l 22992.261.001

Process example:

HEAVY CUT COMPOUND **300** >> SUPER FINISH **3500** >> POWER LOCK ULTIMATE PROTECTION

Process example:

SUPER FINISH PLUS **3800** >> POWER LOCK ULTIMATE PROTECTION >> ENDLESS SHINE

## POWER LOCK ULTIMATE PROTECTION

### Polymer coating sealant for all automotive clear coats

The long-haul specialist acts as a lasting sealant, reliably protecting against environmental influences with an unrivalled beading effect and ultimate deep gloss.

**Category:** Standard

- Advantages:**
- Sealing technology of the latest generation
  - Extremely long service life
  - Maximum protection against environmental influences
  - Premium beading behaviour
  - Protects the vehicle's value

**Polishing tool:** **WAX FOAM PAD,**  
Microfiber cloth

**Processing:** orbital, by hand

**Volumes:**  
250 ml 22070.281.001  
1 l 22070.261.001

Process example:

**HEAVY DUTY COMPOUND 400** » **SUPER FINISH 3500** » **POWER LOCK ULTIMATE PROTECTION**

## « SEALING RECOMMENDATION

MENZERNA OPTIONS:

**FOR TANGIBLE  
SMOOTH SURFACES**

**FOR BODY AND  
PAINT SHOPS**

**menzerna**  
PERFECTION IN POLISHING

## LIQUID CARNAUBA PROTECTION

### Natural sealing blend for surface enthusiasts

Long-lasting, functional protection combined with a soft, natural feel and brilliant deep gloss. Developed for perceptibly smoother surfaces.

**Category:** Alternative

**Advantages:**

- High-quality carnauba wax
- Very high wax content
- Hydrophobic surface
- Very good drop formation
- Soft surface feel
- Ultimate deep gloss
- For machine and manual processing

**Polishing tool:** WAX FOAM PAD,  
Microfiber cloth

**Processing:** orbital, by hand

**Volumes:**  
250 ml 22068.281.001  
1l 22068.261.001

Process example:

HEAVY CUT COMPOUND **400** >> SUPER FINISH **3500** >> LIQUID CARNAUBA PROTECTION

## POWER PROTECT ULTRA

### 2 in 1: Silicone-free coating sealant and a high-gloss finish

Ultimate performance that goes the distance: Removes fine streaks and holograms in addition to forming a protective film that counteracts the adhesion of dirt.

**Category:** Alternative

**Cut/Gloss:** 2 / 10

**Advantages:**

- 100 % silicone free, overpaintable
- 2 in 1: High-gloss polish and sealant in one product
- Tangibly smoother surface
- Perfect water-beading

**Polishing tool:** WAX FOAM PAD,  
Microfiber cloth

**Processing:** rotary, orbital, by hand

**Volumes:**  
250 ml 22753.281.001  
1l 22753.261.001

Process example:

HEAVY CUT COMPOUND **100** >> MEDIUM CUT POLISH **200** >> FINAL FINISH **3000** >> POWER PROTECT ULTRA

## METAL POLISH

Metal Polish cleans and polishes stainless steel, aluminium, chrome, brass, copper, silver and plastics. Perfect gloss for exhaust, radiator grille, decorative strips, rims etc. Also perfect on domestic and leisure parts like cutlery, sanitary fittings, metal instruments etc.

**Polishing tool:** Microfiber cloth

**Processing:**

1. Apply by hand with microfiber
2. Polish with circular movements
3. Remove residue with a clean, soft cloth

**Volumes:**  
125 g 23003.391.001

## CONTROL CLEANER

### Cleaning spray for especially thorough polishing

The ultimate pre-cleaner to support the visual inspection of the coating surface being worked on. Removes polish residues, grease and contaminants prior to sealing.

**Advantages:**

- Removes all traces of polishing residues and grease
- Straightforward application thks. to the high-quality spray head
- No discolouration

**Polishing tool:** Microfiber cloth

**Processing:** by hand

**Volumes:**  
500 ml 22932.271.001

Process example:

**CONTROL CLEANER** >> POLISHING >> **CONTROL CLEANER** >> SEALING

## ENDLESS SHINE

### Detailing spray to refresh the gloss

Wellness program for all smooth surfaces like clear coat, glass, plastic or metal. Applies a protective film to the coating with a beautiful, deep gloss – including premium beading effect.

**Category:** Accessory

**Advantages:**

- Protection and gloss refreshment
- Extended durability of the sealant
- Perfect water beading
- Leaves no traces on plastic
- Versatile in application:  
After washing,  
after polishing
- Antistatic effect
- Without the addition of waxes and fillers

**Polishing tool:** Microfiber cloth

**Processing:** by hand

**Volumes:**  
500 ml 22747.271.001

Process example:

POLISHING/  
SEALING >> **ENDLESS SHINE** // CAR WASH >> **ENDLESS SHINE**

## LIQUID MATT

### Matting paste for surface preparation

Establishes the conditions required for reliable results in repainting or refinishing. Works on a water basis – for mechanical or manual application.

- Advantages:**
- Uniform surface
  - Establishes the optimum basis for coating application
  - Straightforward application, even on rounded surfaces

**Polishing tool:** Non-woven abrasive, Lambs wool, **HEAVY CUT FOAM PAD**

**Processing:** rotary, by hand

**Process example:**

**Volumes:**  
1 l 22763.261.001

**LIQUID MATT** >> POLISHING

## SOLID GRIT

### Sanding block for sanding clear coat surfaces

Solid Grit reliably and easily removes scratches, runs, dust inclusions, etching and orange peel, and is perfect for use on repairs. The two P2000 and P3000 sanding blocks are supplied in a handy plexiglass case. Both blocks are very low-wearing and ensure the best manual sanding quality.

**Processing:** by hand

**Volumes:**  
2 pieces per set 26902.100.000

**Process example:**

**SOLID GRIT** >> POLISHING

## PREMIUM PAD PROGRAM

Original Menzerna polishing tools get the maximum out of your surface. The pads in different degrees of hardness are optimised for use with the Menzerna automotive polishing products. A safety edge protects against damage by the backing plate on curvatures. The washable foam perfectly adapts to the surface.

- Advantages:**
- Washable
  - Safety edge
  - High-quality Velcro
  - Convenient to use
  - Consistent, long-lasting foam

**Application:** rotary, orbital **Diameter:** 180 mm

Optimised for:

# Economical, reliable and flexible in application. BRILLIANT.

The Menzerna polishing programme is designed as a flexible 4-step polishing system.

## Confidence in success

A standard product is assigned to each of the four polishing levels – Heavy Cut, Medium Cut, Finish and Protection. Together these products form the Menzerna standard process, which is considered as recommendation. Numerous application cases are securely covered in practice with this process.

## Quality through flexibility

Alternative and special products are available for each polishing level – to meet the needs of special application cases, or for even greater performance. All Menzerna products are matched to each other so that the interplay works 100 % at all times even when standard products are exchanged.

## The latest polishing technologies for working efficiently

Many years of experience and close cooperation with the automobile industry and leading coating manufacturers ensure economic efficiency and fast processes. This is where the specialty products, identified by the silver label, truly come into their own. Multiple polishing steps are covered by the latest polishing technologies.

### Note:

In the Menzerna process flyers, users will find system recommendations for the fields of vehicle detailing, vehicle coating, finishing and care.
